FALL 2023

Life Chain - October 1st 2023

Life Chain 2023

Life Chain was a resounding success as people from all walks of life showed up to participate on Sunday, Oct. 1st. There were several locations, including Lundy's Lane, Niagara Falls; in front of the Seaway Mall, Welland, and at Lake and Carlton Sts., St. Catharines.

Niagara Falls Ontario Life Chain 2023

There were many encouraging comments and friendly honks directed our way. As we held up messages of hope, including signs saying "Jesus forgives and heals", and "Adoption, the loving option," we all prayed for the day the the scourge of abortion will be wiped out from our land; when moms will not mourn their lost babies, but rather be given the help they need!

Another encouraging sign was the presence of several clergy who were willing to stand up for Life! We would like to thank those good men of God for being willing to "walk the walk" with us! Their presence and their prayers really fortify us!

We felt more encouragement and support from the general public this year and we know that one day, with prayer, perseverance, and love, we shall overcome!!!

2024 Upcoming Events

February 14 - March 24 Niagara Falls, Ontario

40 DAYS FOR LIFE™
life is precious -defend it

Let's end abortion in our community!

Saving Lives from Coast to Coast

Did YOU Know ?

*Zero Babies Were Killed in Abortions in Indiana in August
Thanks to Its Abortion Ban*

Britney's "Choice".

Pop star Britney Spears recently opened up in her memoir about the abortion of her first child. Her then-boyfriend, Justin Timberlake, abdicated his responsibility as a father to protect his unborn child.

He informed Britney that he was not ready to be a father (although he was, indeed a father already!) and that abortion was the only choice. Once again, we see the LIE of the "Pro-choice"

propaganda....where was Britney's choice?

She expressed her desire to have her child, but her maternal heart was overcome with fear, doubt, agony...without her boyfriend's support, she felt trapped. She describes this as "the most agonizing decision" she has ever made.

And despite having two more children, it is obvious she still feels the loss. Having a mole removed, or a tooth pulled, is not an "agonizing decision."

Yet, decades later, the abortion still causes Britney pain.

Abortion proponents equate killing the unborn child with "freedom." Yet mothers like Britney carry this

burden throughout their lives! What kind of "freedom" is that – living with guilt, regrets, bitterness, and – of course- mourning the loss of their irreplaceable child!

Let us pray for Britney Spears as she works through her grief. Let us pray for all Moms in difficult pregnancies, and let us be willing to walk with them, offering help so that they feel free to choose Life.

About Us

Welland-Port Colborne Pro-Life Association is an educational group. Our primary purpose is to educate our local Community about pro-life issues from conception to natural death.

We also provide a pro-life presence in the community, and, when required, provide support to women in crisis pregnancies.

Britney's "Choice"

Continued from page 2

Let us pray for restored manhood in our culture.

And most of all, let us pray for a reawakening of the conscience of Canadians, so that unborn children are seen for what they truly are – precious and irreplaceable human beings, deserving of all the rights and protections that other Canadians enjoy.

We must not stop working for these precious children until this equality is achieved!

Of course Britney has not been the only one.....Read more on different celebrities :

Meet your Board Members

Terry and Muriel Dyson

Hello we are Terry and Muriel Dyson. We have been Board members for many years. Terry still functions as the treasurer while my function is that of the liaison. Terry and I and 3 children came to Canada in 1967, on a trial basis, and here we are 56 years later. Needless to say our family has continued to grow. We have 8 children, 5 boys and 3 girls, 26 grandchildren and 4 great grandchildren.

We have met some wonderful people here, not just in the pro-life movement but also friends from church and neighbours. We congratulate Terry and Muriel on celebrating their 60th Wedding Anniversary this year.

PLANNED PARENTHOOD IS AN OXYMORON

Planning parenthood means plan ahead to have a baby when you are ready. **It does not mean get pregnant then plan on killing it.**
